LOUISVILLE, KENTUCKY: THURSDAY MORNING, NOVEMBER 1, 1866.

NE YEAR. other. It can't be wrong to cheat men To our Country Patrons into supporting right and humanity.

cos, as we hold correctors responsible for all set to make held on set to make held on the held on the

rial and conviction of Fenlans arrested is an old-lino Democrat, competent and n Canada, likely to lead to collision behaves, and may be relied on to oppose een England and the United States. Radicalism in any stage it may turn my.

Then, it seems, we are to be charged with a protectorate over Mexico. We must supervise her affairs. About the time we are demonstrating our leaves. me we are demonstrating our incapacity The Fenian movements are attil to take care of ourselves, we must assume multiplying, and increasing in z at and to take care of other people. Perhaps, if determination. Our opinion is, that this

ernment would confine itself to its own balliness, and not thrust its nose into business that does not belong to it, and which it was never made to perform, we might as well have a hundred States as tirreen. As it is, thirteen States are too many. Our party of moral ideas go on augmenting Federal power, and "Stopthief! keep your hands ou your bubbling about extending territory, as if the two things were practicable.

If we are to have a central power to supervise the manners, habits and practices of different classes of population in different States, we ought to have a least four central governments now.

A small majority of one section is amhittons, not only to raise the supervise of the manners and the proposing and interesting the proposing and adopting measures to the manners, habits and practices of different classes of population in different States, we ought to have a teless four central governments now.

A small majority of one section is amhittons, not only to raise the supervise the manners, habits and practices of different classes of population in different States, we ought to have a teless four central governments now.

A small majority of one section is amhittons, and hepeful. The action of the high and hepeful. The action of the high and hepeful. The action of the high and hepeful. The action of the two thought they for August convention, and the counse laken by that particle body, ald during they to the August convention, and the policy and they for a function and the policy and they for the const and the policy and they for the const and the policy and the policy and they formed they were not true.

They felt that the Union was not hope in the time of the power complition of able, sound, honest men as settlet, they saw a constraint power to the subtract to make a culture, they saw a constraint power to the power of the proposing and adopting measure to the work and the policy of the constraint power. They fired, and the policy of the policy they can the fired and transpillation of the power to

and have been in the North. It was the with which she played all declare. They take accumulated wealth there in few hands may that he treated her he willy—too here.

Our countiess national banks are en-verced from Hayne the wedding must be Our countless mellonal banks are engines made for this purpose, where capital may be so invested as to make large profits and control private interests. The law is and the specific profits and control private interests. The law is an interest in a French convent died broken-hearted in a French convent to her inarriage with a young sentence of taxatlon. What do the masser

the chief iniquity is the tariff and the ayatem of taxation. What do the masses of people get for the enhanced price of every article of clothing, and for every utenal of iron manufacture? They get nothing; but the manufacturer and manufacturing corporations rejoice in full purses and long bank credits, made out of the consumer.

mental fustian.

When men have for many years jonked with apprehension to a meeting of Congress, A visitation of the cholera and two functions are alarming. It is a matter of dread now to contemplate what deviment the next session of Congress will concept. The control will concept. The control will concept. The control will concept. The control will concept and two new apprehension to a meeting of the control will concept. The control will concept the control will concept and two new apprehension to a meeting of the control will concept. The control will concept and two new appears to prevent the control will concept the control will co
